GREEN SONGS

WITH RICK JONES

Little-known information department: Did you know that the incredible Hulk has a beautiful Irish tenor singing voice? The joilly evergreen glant is putting a show logether and all of hits numbers will be GREEN, SONGS. You can bet one of his first gigs will be on the Emerald Isle. Rick Jones is backup on the guitar, since the only instrument the Hulk can play is a green tambourine.

ANSWERS P. 31

All of the song titles below have GREEN in front of them but, so as not to confuse you (and us, too) we have decided to drop it and supply you with the balance of the title.

Find: Peppera, Plant, Rower, River, Rocky Road, Stamps, Wine, Velley, Door, Earrings, Dolphin Street, Eyed Lady, Eyes, Flowers, Gress of Texas, Groon, Grow The Lileas, Hornet Thems, Hoze, Leaves of Summer, Light, Monkey, Onlons, Mosquito, Mountain Polita, Lilea Hill, Mensilent, Are My Memories, Bird Fly, Corn, Cockatioo, Sleeves, Suehes, Bamboo, Coyote, Apple Quickstep, Swamp, Tambourine.

Find them horizontally, vertically, diagonally and backwards, in a straight line and no skipping or you may feel the sting of Green Power.

DATEDATA

Marvel's answer to "THE DATING GAME". Certainly our superhences are normal enough to have a crush or a downright love affair with members of the opposite gender. Below is a mere scattering of ladies and gents who have had more than a passing interest in some of Marver's finest. You name the partner ... a few of whom have dated the same superhero at one time or another.

ANSWER PO.30

WHAT DID HE SAY?

What makes Thor such an intercetting character is his sheer eloquence, whether his doling a soilloguy or making a major apeach, it's music to the ears. Wonder how many villains he's slobbered really knew what he was sigking about. Which leads us to this question: what would Thor do with some of today's well-knewn expressions? We had to find out ag we asked Thor five just happened to be passing by) to translate a number of familiar phrases into his very best Aggardian. Listen to what Thor says the tell us the phrases. which may news the same. As the title says: "What did he say?"

The first thing to do—pick the right chew: Hubba Bubba. The soft and juicy bubble gum with amazing no-stick bubbles.\tilde{M} Then proceed with this simple yet effective gumfight drill:
(1) Begin blowing bubble. Note Hubba Bubba is incredibly large bubble. (2) When the Hubba Bubba bereals on got be alarmed. (3) Simply remove Hubba Bubba from your face. That's right, simply remove and replace in mouth. Return to step 1. Repeat drill ten times.

ACCEPT NO SUBSTITUTES.

This boy did. And now instead of wearing a smile, he's wearing a paper bagover the bubble gum stuck to his face. Definitely not soft and juicy Hubba Bubba Bubba Gum. Does Hubba Bubba really work? Absolutely! Hubba Bubba is gumfighter tested and approved.

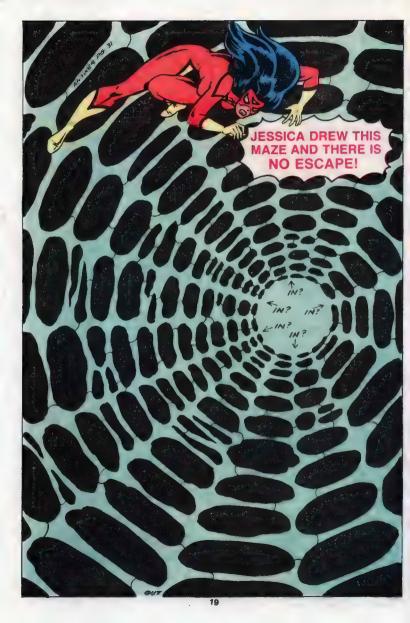

dd of GUM MY SLEGUM!

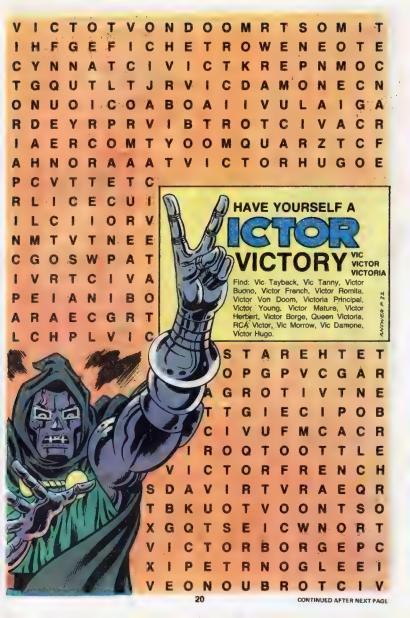

So pick up a pack of Hubba Bubba in original or mint flavor. Enjoy that soft, juicy, delicious taste. Plus those great, big Hubba Bubba bubbles that won't stick to your face.

SOFT. JUICY. DELICIOUS.

BIG BUBBLES, NO TROUBLES.

ANSWER P.3/

BULLPEN BIOPSY

A new monthly series starring the greatest names in comics. Our first yictim er... candidate is Jazzy Johnny Romita... Spider-Man artist

supreme (and John Romita Jr's dad).

John Romita has been the subject of many interviews. We all know his age (people live to be that old?), his astrological sign and all about the years of study and self-denial. He has certainly earned his recognition. As John puts it; "I've been cursed with success."

But, in all the words written about this Jazzy person, none have delived so deeply into his psyche to pursue really important information . . . things that all of us can relate to and give us something in common with a man who dreams about walking up the side of the Empire State building (he really believes he's Spider-Man).

You must be simply dying to know, for instance, his favorité color. "Blue," replies Romita . . "the same color as money." (Sheesh . . . the guy is color blind). When he's not drawing Spidey (which he does even at the supper table getting it slopped up with gravy and catsup), he watches television. His favorite show is "Taxi". The cabbies in New York must be home watching "Taxi", too, when you're trying to get one.

John Romita is a beautiful female artist. Hmm. Let's have another go at that, John Romita draws beautiful women. which he drew in his earlier years for romance comics. And beautiful women have a special place in his heart. Hold it, Virginia . . . HOLD IT! Next to his wife. Virginia. his two favorite females in the world of entertainment are Katherine Ross and Barbra Streisand.

"What would you do if you weren't drawing comics for a living" we asked. Immediately, he whipped out his 1945-model guitar, gave us a song and said: "I'd be a musician." "Hahahahahahahaha... sorry, John. You... a MUSICIAN? Sorta sounded like Tiny Tim singing underwater strumming on his shopping bag. You should consider; maybe, selling shoes. Musician. Hahahahahaha.

"If you weren't drawing Spidey, what other Marvel character would you like to draw" was our next question His reply was quick and well enunciated: "Daredevil."

"What place would you like to vis. ..." "Hawaii", he interrupted. (Have you noticed the long, in-depth answers he's coming up with? A real windbag, wouldn't you say?) Did you know that, ever since he started, he figures, or his 79-cent pocket calculator, he has drawn Spidey 10,000,000,000 times ... no, wait ... 10,000 times (he pushed the wrong button) and do you know that he STILL can't draw Spidey with his eyes closed - we proved it, didn't we John?

"OK, John . . . what would you do if you won a million dollars? His eyes lit up (or are they normally red like that?), he sumped up on his drawing board and, screamed. Travel, read more and work on long deadline projects. Now will you scram so I can finish this strip and practice on my guitar." We agree. Practice ... a lot of it ., is what he needs. Rockin' Romita? Never.

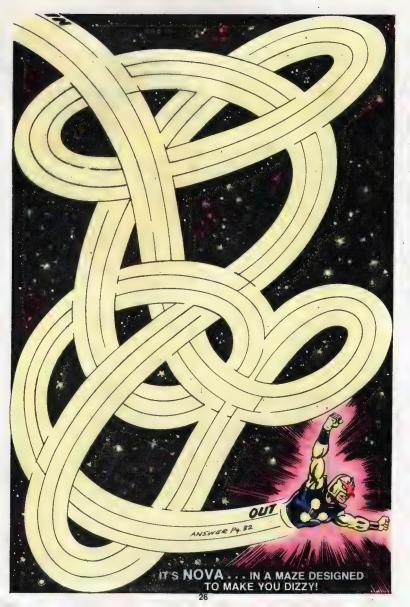

- Owen McCarron

This sample of John Romita's handwriting has been analyzed by graphologist Margaret Vail:

Dear Owen -The Jun and Sames Book looks great! John Romite

John's dynamic personality will not go unnoticed in : any gathering. The heavy oplor of his script indicates the vitality and energy which he applies to all his activities. Size of letters shows his awareness of his surroundings. Both indicators tell that he loves color and richness in such things as clothing and food. He has a keen mind and a quick grasp of ideas and situations. That long firm "t" crossing says: "I want to make my own decisions, and I'll stick with them." He's not too ready to buy other people's opinions or ideas. He finds it necessary to be guarded in what he reveals about himself, but is considerate and tactful in his communications with others. He takes pride in his work, and it is important that his efforts be approved by his friends. Creative, direct and forceful, he'll be an interesting person to know.
